LET 'S LITIGATE INVENTIONS

The College of Legal Studies (CoLS) offers a variety of programmes, with prima facie focus on intellectual property, cyber, taxation, corporate and energy laws, which are first of its kind in the pan Asian region. In 2011, The CoLS initiated an unique program titled B.Tech.,LL.B with honours degree in Cyber Law and Intellectual property law. With global digitization and spreading of information network far and wide, the cyber world has seen a propensity of new-age contracts and a slow but sure pervasion of cybercrimes. With companies dedicating large resources to research and development, the demand for protecting intellectual property rights has risen dramatically and is believed to increase further. The unique program equips the students to handle complex techno-legal issues in the energy and allied domains. These program provides a comprehensive understanding of the dynamically evolving techno-legal issues in the science and technology sectors.

LET 'S LITIGATE INVENTIONS

The CoLS with its well-structured programmes ensures that the legal acumen of the students is enhanced theoretically as well as practically by adopting the best of the teaching aids and by providing a platform to the students to interact and associate with establishments of national and international repute.
